

JOSHUA MEDINA

FULL-STACK SOFTWARE DEVELOPER

9347 Bahia Loop
Land O Lakes, FL

813-482-7233

JNMedina32@gmail.com

OBJECTIVE

I am seeking a position as a Full-stack Software Developer where I can leverage my skills and experience to develop innovative, high-quality software solutions. With a strong foundation in software engineering principles and practical experience in coding and web development, I am committed to staying up-to-date with the latest technologies and best practices in the field. My goal is to join a dynamic team of developers and contribute to the creation of cutting-edge software applications that meet the needs of end-users and drive business growth.

KEY SKILLS —

- Strong project management and leadership skills, with experience managing teams and training individuals.
- Proficient in logistics and supply chain management, with experience in ordering, inspecting, placing in service, and distributing various items and equipment.
- Excellent problem-solving and communication skills, with experience presenting to diverse audiences and resolving issues in a timely and efficient manner.
- Adaptable and flexible, with experience working in fast-paced, high-pressure environments and building relationships with stakeholders from different countries and cultures.

EDUCATION —

State College of Florida
Full-Stack Software Developer
Bootcamp

Central Texas College
Associate in General Studies

EXPERIENCE

AIRDROP OPERATIONS MANAGER • QATAR • May 2018 • Jan 2023

- Established and managed Qatar's first Airdrop Rigging Facility.
- Oversaw all aspects of the facility, including ordering, inspecting, placing in service, rigging, and airdropping various items and equipment.
- Trained numerous individuals on how to rig airdrop items in accordance with US military regulations, ensuring the highest levels of safety, reliability, and precision.
- Presented to generals and high-ranking officers on the status and capabilities of the airdrop facility.
- Coordinated joint airdrop exercises with other nations' military for the sovereign state of Qatar.

PARACHUTE RIGGER • US ARMY/RESERVE • Jul 2008 • Jul 2018

- Packed and rigged parachutes for safe and effective use by military personnel.
- Served as a Lane Chief, Shop Foreman, Pack Supervisor, Operations Officer, and Detachment NCOIC (Second-in-command of the Rigger Detachment for the CENTCOM AOR).
- Earned qualifications in Master Parachutist, Pathfinder, Military Freefall, and Basic Leadership Course (Distinguished Honor Graduate).
- Assumed all essential roles in massive airborne operations utilizing multi-unit and multi-branches of the US Armed Forces.
- Trained and supervised team members on proper parachute packing and rigging techniques, ensuring compliance with military regulations and safety standards.
